Puma ST-Line X shown in Desert Island Blue exclusive body colour (optional) with 19" 5-spoke Matt Black machined alloy wheels (optional) and Black contrast roof (optional).

1 EXPLORE

BUILT TO PERFORM

Developed by the Ford Performance team, the sensational new Puma ST charges hard with its 200 PS (149kW) 1.5-litre Ford EcoBoost engine, delivering 0-62 mph acceleration in just 6.7 seconds. Sophisticated Sports Technologies include a limited slip differential (option), patented force vectoring springs and a unique steering rack to help keep you securely in touch with the road. Performance enhancements and aggressive styling help to set Puma ST apart, while its innovative 80-litre* Ford MegaBox underfloor stowage compartment provides everyday practicality.

*Cargo and load capacity limited by weight and weight distribution.

Puma ST shown in Mean Green ST exclusive body colour (optional) and 19" 5x2 spoke Magnetite machined alloy wheels (standard).

1 EXPLORE

ELECTRIFIED PERFORMANCE

PUMA ECOBOOST HYBRID

Puma EcoBoost Hybrid features exciting mild hybrid technology that reduces CO₂ emissions, optimises fuel efficiency, and delivers a more involving drive*. The powertrain seamlessly integrates electric torque with a choice of three-cylinder petrol engines – putting up to 155 PS (116 kW) at your disposal. While regenerative braking reclaims energy as you slow down and uses it to deliver punchier performance as you accelerate.

The 7-speed automatic, dual-clutch transmission can make city driving in stop-start traffic less demanding. In addition, fast, seamless gear changes complement the hybrid powertrain's electrically boosted performance to further enhance your enjoyment.

Puma ST-Line Vignale shown in Magnetic exclusive body colour (optional) and 18" 10-spoke Absolute Black machined alloy wheels (standard).

*For further fuel economy and emissions information, please refer to the specifications section.

1 EXPLORE

A CLEVER USE OF SPACE

SURPRISINGLY ACCOMMODATING

Life in the city requires an inventive approach to how you occupy space. The new Puma embraces this way of thinking. Aside from being so pleasing to the eye, it also delivers real functionality within the details of its design.

To start with, access to your loadspace is easy even with your hands full. With your keys in your pocket or bag, a simple kicking motion beneath the rear bumper can activate Puma's hands-free tailgate (optional). While the adaptive rear parcel shelf is not fixed to the second row of seats and raises with the tailgate, it can open and allow room for larger storage items.

But what's really clever is the Puma loadspace itself, which incorporates an innovative new MegaBox compartment. Not only providing an extra 80L of storage space if needed[‡], the MegaBox also features a waterproof lining and even a drain hole. So if you're an active person, it's the ideal space to store wet or muddy gear after your park run and adds so much space you could even stand taller items upright in it, such as a standard size golf club bag.

[‡]MegaBox load volume depends on vehicle specification.

Puma ST-Line X shown in Desert Island Blue exclusive colour (optional) and 19" 5-spoke Matt Black machined alloy wheels (optional).

1 EXPLORE

A WAY FORWARD

PUTTING YOU IN CONTROL

With clever features and innovative technologies, the Ford Puma puts you in complete control. From the 12.3" full digital instrument cluster and advanced 8" touchscreen display, to a host of additional services and features available through your SYNC 3 infotainment system and FordPass Connect embedded modem – every element has been designed to make your drive as effortless as possible.

(FordPass Connect is available on the initial free trial period, after which subscription charges may apply).

Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

Puma ST-Line X shown with standard partial premium-feel Sensico® trim (fabric seat cushion centre and back lower panel inserts, partial premium-feel Sensico® seat cushion front and back centre panel inserts and bolsters, and seatback bolsters, with vinyl seat facings).

Puma ST-Line Vignale shown in Magnetic exclusive body colour (optional) and 18" 10-spoke Absolute Black machined alloy wheels (standard).

1 EXPLORE

PURE DRIVING ENJOYMENT

PUMA ST-LINE VIGNALE

Get more out of every drive with the dynamic new Puma ST-Line Vignale. From its dramatic 18" 10-spoke Absolute Black machined alloy wheels to its full-LED headlights and sports-style bumpers (standard), it quietly demands attention in any setting. While behind the wheel, it will reward even the keenest driver with its nimble handling, impressive ride comfort and spirited performance.

Puma ST-Line Vignale shown in Magnetic exclusive body colour (optional).

STYLE AND INGENUITY

CRAFTED FOR YOUR COMFORT

The stylishly comfortable interior of Ford Puma ST-Line Vignale provides a warm welcome. Seats are trimmed in sporty, high-end premium perforated Sensico with metal grey stitching. While within this refined environment, you can enjoy the balanced output of the 10-speaker B&O Sound System.

- **Panorama roof** lets the light flood in to enhance the feeling of spaciousness. Providing fresh air when opened, the sliding glass has a solar reflective coating to help keep the interior cool when closed, while an internal sunblind provides extra shade when you need it (option)
- **Dual-clutch 7-speed automatic transmission** adds a new level of refinement, with smooth gear changes and responsive performance (option)

Puma ST-Line Vignale shown in Premium Sensico in Ebony with Panorama Roof (optional).

1 EXPLORE

EXHILARATING DRIVE

PERFORMANCE TECHNOLOGY AND STYLE

Puma ST's bold sports styling features a Ford Performance-embossed splitter integrated into the front bumper that increases front-end downforce by almost 80 per cent for great stability and traction. A large rear roof spoiler further aids Puma's aerodynamic performance, while a distinctive diffuser is incorporated into the rear bumper.

The free-flowing exhaust system with dual stainless steel tailpipes helps to maximise performance, and includes active exhaust valve technology that can amplify the three-cylinder engine's naturally sporty sound. Puma ST also features four Selectable Drive Modes, including Sport mode and – for the first time on a Ford Performance vehicle – Eco mode, for the ultimate Puma driving experience.

Puma ST in Mean Green exclusive body colour (optional) with 19" 5x2 spoke Magnetite machined alloy wheels (standard and accessory).

1 EXPLORE

TAKE CONTROL

PUTTING YOU IN THE DRIVER'S SEAT

The sporting lineage of the Puma ST continues inside. New AGR-certified Ford Performance seats (with partial Sensico® trim and Ford Performance stitch detailing) cosset you through every twist and turn in the road, allowing you to stay fully focussed and enjoy the ride. And if you are a track-day enthusiast, you can get the most out of every high-speed corner and challenging chicane, in full confidence the seats will keep you firmly in place.

Ergonomic seats with AGR certification**

Ergonomically designed front seats with AGR accreditation – ideal for your back and for comfort on longer journeys. An AGR classification is the mark of a particularly high standard of back-friendly product. The AGR association researches the prevention of backache, and is widely supported by doctors and therapists. (Standard on ST)

**The AGR quality cachet (Aktion Gesunder Rücken = Campaign for Healthier Backs): Certified and recommended by Association Forum Healthy Back – Better Living and Federal Association of German Back Schools. More information: AGR e.V., Stader Str. 6, D - 27432 Bremervörde, Phone + 49 4761/926 358 0.

VIEW LIFE DIFFERENTLY

GO YOUR OWN WAY

Whichever series Puma you choose, you'll find it already comes with an extensive list of standard specifications. Now you add even more refined style with your choice of exclusive interior and exterior features, such as:

- **19" 5-spoke Matt Black machined finish alloy wheels** (option on ST-Line, ST-Line X and ST-Line Vignale)
- **Panorama roof** with power-operated tilt/slide opening and retractable sunshade (option)
- **Black roof rails** (option)
- **Heated steering wheel** (optional as part of the Winter Pack)

Puma ST-Line X shown in Solar Silver premium body colour (optional) with 19" 5-spoke Matt Black machined alloy wheels (optional).

1 EXPLORE

CONNECTED AND IN CONTROL

FORD SYNC 3

Available Ford SYNC 3 integrates seamlessly with your smartphone to make communication and navigation effortless*. You can control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you use the 8" colour touchscreen as if it were your smartphone handset. Using the touchscreen or simple voice commands, you can make calls, write and listen to text messages, and control your music and satellite navigation.

FORDPASS CONNECT

FordPass Connect in all our Pumas enables a range of features designed to make driving easier and more enjoyable**. These include Live Traffic† that delivers up-to-date traffic information to your SYNC 3 Navigation system, and Local Hazard Information†† that can warn you of upcoming hazards before they are encountered. In the event of an accident, eCall‡ helps occupants place a call with the emergency services and shares your location.

Please note: Full SYNC 3 smartphone integration is only available with iPhone 5/Android 5.0 (Lollipop) or higher. 100% connected. Only AppLink would incur charges. To check whether Apple CarPlay and Android Auto are available in your market, please refer to official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.

*Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

**FordPass Connect enables connected services and is available on selected vehicles or vehicles with navigation. FordPass Connect will be enabled at time of vehicle delivery. You may choose to opt in/out of certain data sharing. Data coverage and service is not available everywhere. Data rates may be incurred. FordPass and Connected Car Privacy Policies apply, available on your local Ford website.

†Live Traffic access is complimentary for the first 12 months following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence subscription is required.

††Local Hazard Information is complimentary for the first 12 months following the purchase of a new Ford with certain driver information modules; thereafter a licence subscription is required.

‡Ford eCall shares vehicle location and helps the occupants initiate a call in their respective language to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

SYNC

1 EXPLORE

FORDPASS APP

Get the most from your connected car experience with the FordPass app[®]. From smart remote features to detailed vehicle health reports, the FordPass app lets you access even more functions via your smartphone. For peace of mind, you can lock or unlock your vehicle wherever you are, and even defrost the windscreen and activate the heated seats and heated steering wheel (where fitted) on a cold winter's morning (models with automatic transmission only).

Health Alerts send important information, such as tyre pressure and fuel level warnings, direct to your phone.

Other FordPass app features include My Journeys, that can record your trips and deliver tailored insights on how to optimise your driving technique. Each journey is tracked and stored, allowing you to compare by distance, duration, and more.

FordPass also helps with security; you'll receive a notification if your car's alarm is activated, no matter where you are. The SecuriAlert feature takes security a step further and alerts you on your smartphone of any unauthorised access attempts – even with a stolen or duplicate key.

Connect your Puma to FordPass.

Please note: Full SYNC 3 smartphone integration is only available with iPhone 5/Android 5.0 (Lollipop) or higher. 100% connected. Only AppLink would incur charges. To check whether Apple CarPlay and Android Auto are available in your market, please refer to official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.

Remote start only available on models with automatic transmission.

[®]FordPass app, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.

 FordPass

1 EXPLORE

INTELLIGENT ADAPTIVE CRUISE CONTROL WITH EVASIVE STEERING ASSIST

Adaptive Cruise Control⁽⁰²⁾ maintains a set distance between you and the vehicle in front, and can bring your car to a stop. The Pre-Collision Assist^{(02)*}, with Evasive Steering Assist^{(02)**}, alerts you to potential hazards (such as vehicles and pedestrians), and is designed to help steer around obstacles, while applying the brakes to help reduce an impact (option available on all series except ST).

SELECTABLE DRIVE MODES

Tailor your Puma driving experience to suit the conditions through a selection of five available drive modes. Prioritise different configurations of performance, power and economy, by selecting between **Normal, Sport, Trail, Slippery** and **Eco** settings.

The system adjusts various settings, including throttle response and steering feel, as well as gear-change behaviour on cars with automatic transmission. The instrument cluster also changes to reflect your chosen setting, and includes a 'quiet' mode that displays only the most important information.

⁰Uses sensors. ²Driver Assistance feature. *Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. **Evasive Steering Assist does not control steering.

Note Adaptive Cruise Control with Stop & Go (option on models with automatic transmission): If stop is longer than three seconds, driver must intervene and press "RES" button or accelerator pedal to resume system operation.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

1 EXPLORE

BLIND SPOT INFORMATION SYSTEM⁰²⁾

Blind Spot Information System alerts you via discreet warning lights built into both door mirrors, when another vehicle – car, van or lorry – enters your blind spot while driving. Similarly, Cross Traffic Alert is designed to warn you if a moving vehicle or other hazard is detected, while you reverse from a perpendicular parking space, and can automatically apply the brakes if you take insufficient action (available on all series as part of the optional Driver Assistance Pack).

REAR WIDE-VIEW CAMERA²⁾

Helpful when reversing into or out of spaces, and activated by selecting reverse gear, the rear wide-view camera provides a clear view left and right, displaying a near 180-degree view behind the car to your SYNC 3 screen (available on all series as part of the optional Driver Assistance Pack).

⁰⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. Cameras only operate at speeds under 6 mph (10 km/h).

1 EXPLORE

PRE-COLLISION ASSIST⁰²⁾

Pre-Collision Assist with pedestrian detection monitors your proximity to other vehicles and pedestrians – even in the dark. If a potential collision is detected, it can alert you with visible and audible warnings and, if needed, pre-charge the brakes to increase brake sensitivity to help enhance responsiveness when you brake (standard on all series).

PUMA PROJECTION PUDDLE LIGHTS

Be assured of a warm welcome with Puma's distinctive puddle lights. Each time you unlock the doors, puddle lights in the door mirrors illuminate the ground with the eye-catching Puma logo (standard on ST-Line Vignale) and Puma ST specific logo (standard on ST).

⁰⁾Uses sensors. ²⁾Driver Assistance feature.

Pedestrian Detection is designed to operate at vehicle speeds of up to 50 mph (80 km/h). Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

LED HEADLIGHTS⁰⁾

Efficient and long-lasting LED headlights produce a bright natural light with a very precise pattern. They also sense when it is dark (standard on ST-Line Vignale and ST, available as an option on ST-Line X).

Auto high beam detects oncoming vehicles and will automatically dip your beams for you. Available as standard on all series in conjunction with Lane-Keeping Aid (part of Lane-Keeping System).

1 EXPLORE

PANORAMA ROOF

Enjoy more of the surrounding scenery from the comfort of your Puma. An electrically-operated panorama roof truly lets you bring the world outside into the vehicle cabin. Providing an abundance of fresh air when opened, the sliding glass also has a solar reflective coating to help keep the interior cool when closed. While an internal sunblind provides extra shade when you need it (option on all series).

WIRELESS CHARGING PAD

A convenient wireless charging pad keeps your devices* ready for use (standard on ST-Line X, ST-Line Vignale and ST).

*Many devices, such as phones are able to charge wirelessly. To be compatible your phone will need to have Qi or you will need to have a Qi charging case.

LUMBAR MASSAGE SEATS

Puma's driver and front passenger seats can be enhanced by a lumbar massage function for additional comfort and support. Activated at the push of a button, the 3-way adjustable massage settings revitalise tired muscles – ideal for longer journeys (standard on ST-Line Vignale only).

2 SELECT

With a choice of exterior and interior styling, there's a new Ford Puma that's right for you.

SERIES OVERVIEW

Titanium

The luxurious Titanium series delivers superior levels of sophistication and comfort using premium materials.

ST-Line and ST-Line X

With its eye-catching individuality, ST-Line provides a captivating approach to our state-of-the-art sport series.

ST-Line Vignale

Elevated levels of style and performance come together beautifully in the exceptional ST-Line Vignale.

ST

Puma ST is both practical and refined with head-turning style, and delivers genuine hothatchback thrills.

4 SPECIFICATIONS

POWER

Get to know your new Ford Puma inside and out, from its intelligent engine technology to its versatile loadspace.

PUMA ECOBOOST HYBRID

Available with a choice of 125 PS (92 kW) or 155 PS (114 kW) Ford EcoBoost Hybrid engines.

- 1 Belt-driven integrated starter/generator (BISG)**
The BISG acts as an electric motor, seamlessly integrating with the petrol engine to provide additional torque during normal driving and accelerating.
- 2 1.0L Ford EcoBoost petrol engine**
The Puma EcoBoost Hybrid is available with a choice of either a 125 PS (92 kW) or 155 PS (116 kW) Ford EcoBoost petrol engine.
- 3 48-volt battery**
The lithium-ion battery that powers the electric motor is located under the front passenger seat. It is automatically recharged by the engine while you drive, and by regenerative braking that reclaims the energy typically wasted as you slow down.
- 4 Automatic transmission**
Puma EcoBoost Hybrid's available 7-speed dual-clutch automatic transmission delivers seamless acceleration with smooth gearchanges. (Option on petrol and hybrid models)
- 5 Paddle Shifters**
The 7-speed automatic transmission offers manual gear selection using sporty Paddle Shifters for ST-Line, ST-Line X and ST-Line Vignale.

Note For further fuel efficiency and emissions information, see Section 4, fuel and performance.

STRIKING A BALANCE

MILD HYBRID GIVES YOU MORE

With a choice of new forward-thinking, advanced mild hybrid (mHEV) petrol engines, the new Puma delivers outstanding performance, together with impressive fuel economy and low emissions figures

Ford's sophisticated mild hybrid technology is tailored to enhance fuel efficiency, while complementing Puma's acclaimed driving dynamics.

The system enhances the 1.0-litre Ford EcoBoost petrol engine with a belt-driven integrated starter/generator (BISG), which recovers the energy usually lost during braking and coasting, and uses it to charge its on-board battery pack.

The BISG also acts as a motor, seamlessly integrating with the petrol engine and using the stored energy to provide extra torque during driving and acceleration, as well as powering the vehicle's electrical systems to further enhance efficiency and performance.

*6-speed manual.
**7-speed automatic.

DYNAMIC

1.0L Ford EcoBoost Hybrid (125 PS)*

Enjoy outstanding fuel efficiency of up to 52.3 mpg (combined), and entertaining performance on motorways and country roads.

⁹⁹The declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and has fully replaced the NEDC test. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

[#]Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. **Towing limits** quoted represent the maximum towing ability of the vehicle at its gross vehicle mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Gross train mass** includes trailer weight. Roof load limit is a maximum of 50 kg on all models (roof load limit is reduced to 0 kg when panorama roof is specified). Towing capacity is reduced to 0 kg for 1.0 Ford EcoBoost engine when panorama roof is selected. Towing capacity is reduced to 0 kg for 1.0 Ford EcoBoost automatic when either a spare wheel or 18" alloys are selected. Towing limit is reduced to 0 kg for ST-Line series.

FORD SERVICE

With Ford, the service doesn't end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your car throughout its life.

- Ford Online Service Booking
- Contactless servicing options, for your convenience and safety
- Comprehensive service and maintenance plans
- Use of genuine Ford parts for added peace of mind
- Ford-trained technicians using the latest diagnostic equipment and tools
- One call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers
- Up to 12 months' UK and European Roadside Assistance (at participating Dealers)

[LEARN MORE](#)

FORD PROTECT

Extend your standard 3-year/60,000 miles warranty to 4 years/80,000 miles or 5 years/100,000 miles with Ford Protect. Key benefits include*:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- The price of covered parts and labour are guaranteed for the length of your plan

Ford Protect New Vehicle Warranties are transferable to the new owner should you decide to sell your vehicle.

[LEARN MORE](#)

FORD PROTECT SERVICE PLANS

With various payment options available, you can cover the cost of your recommended scheduled services for up to 4 years from the day your new Ford is delivered. This can work out cheaper than paying for individual services and gives you added benefits:

- Ford Assistance – your UK and European Roadside Assistance will be increased to the length of your plan
- Vehicle hire – in the event that we can't finish any warranty work within 24 hours, we'll lend you a courtesy car for up to 7 days**
- A full Ford Service History, which may enhance your car's resale value

[LEARN MORE](#)

*Ford Protect terms and conditions apply. Please call 03702 416 726.

**Subject to availability and status, excluding fuel and insurance costs.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **+** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. Insurance groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
